

The girls' basketball coaches from Haysville Middle School are coaching Boom Basketball. The mission of Boom Basketball is to develop young girls with the fundamentals of basketball. The skills acquired will transfer over to enable players to compete in middle and high school basketball.

The fundamentals of basketball are the MOST important thing to master because they will make you and your team better no matter what age level or team you play for. Most players trying out for middle school teams do not have basketball fundamentals. They are learning how to play competitive basketball for the first time.

It is our hope that by learning (or improving) these skills now, that the girls will have a more competitive edge once school basketball starts.
